

GENERAL RULES

NET HEIGHT

- Male = 243 cm.
- Female = 224 cm.

PLACEMENT OF THE POST

Install the post with the lane turned to the court. The distance between the posts are 11 metres.

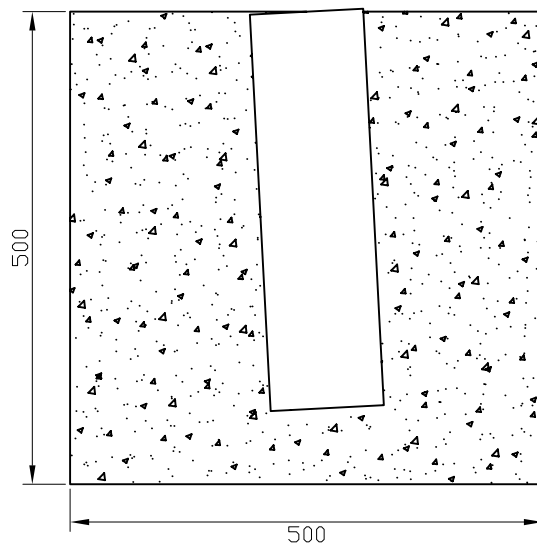

WARNING:

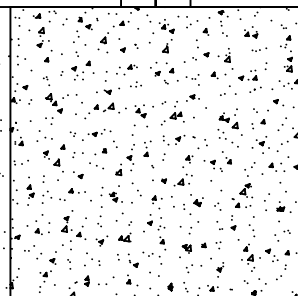

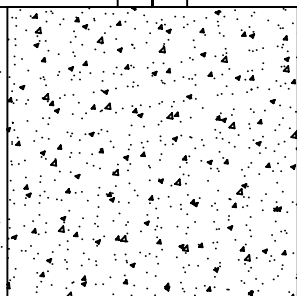

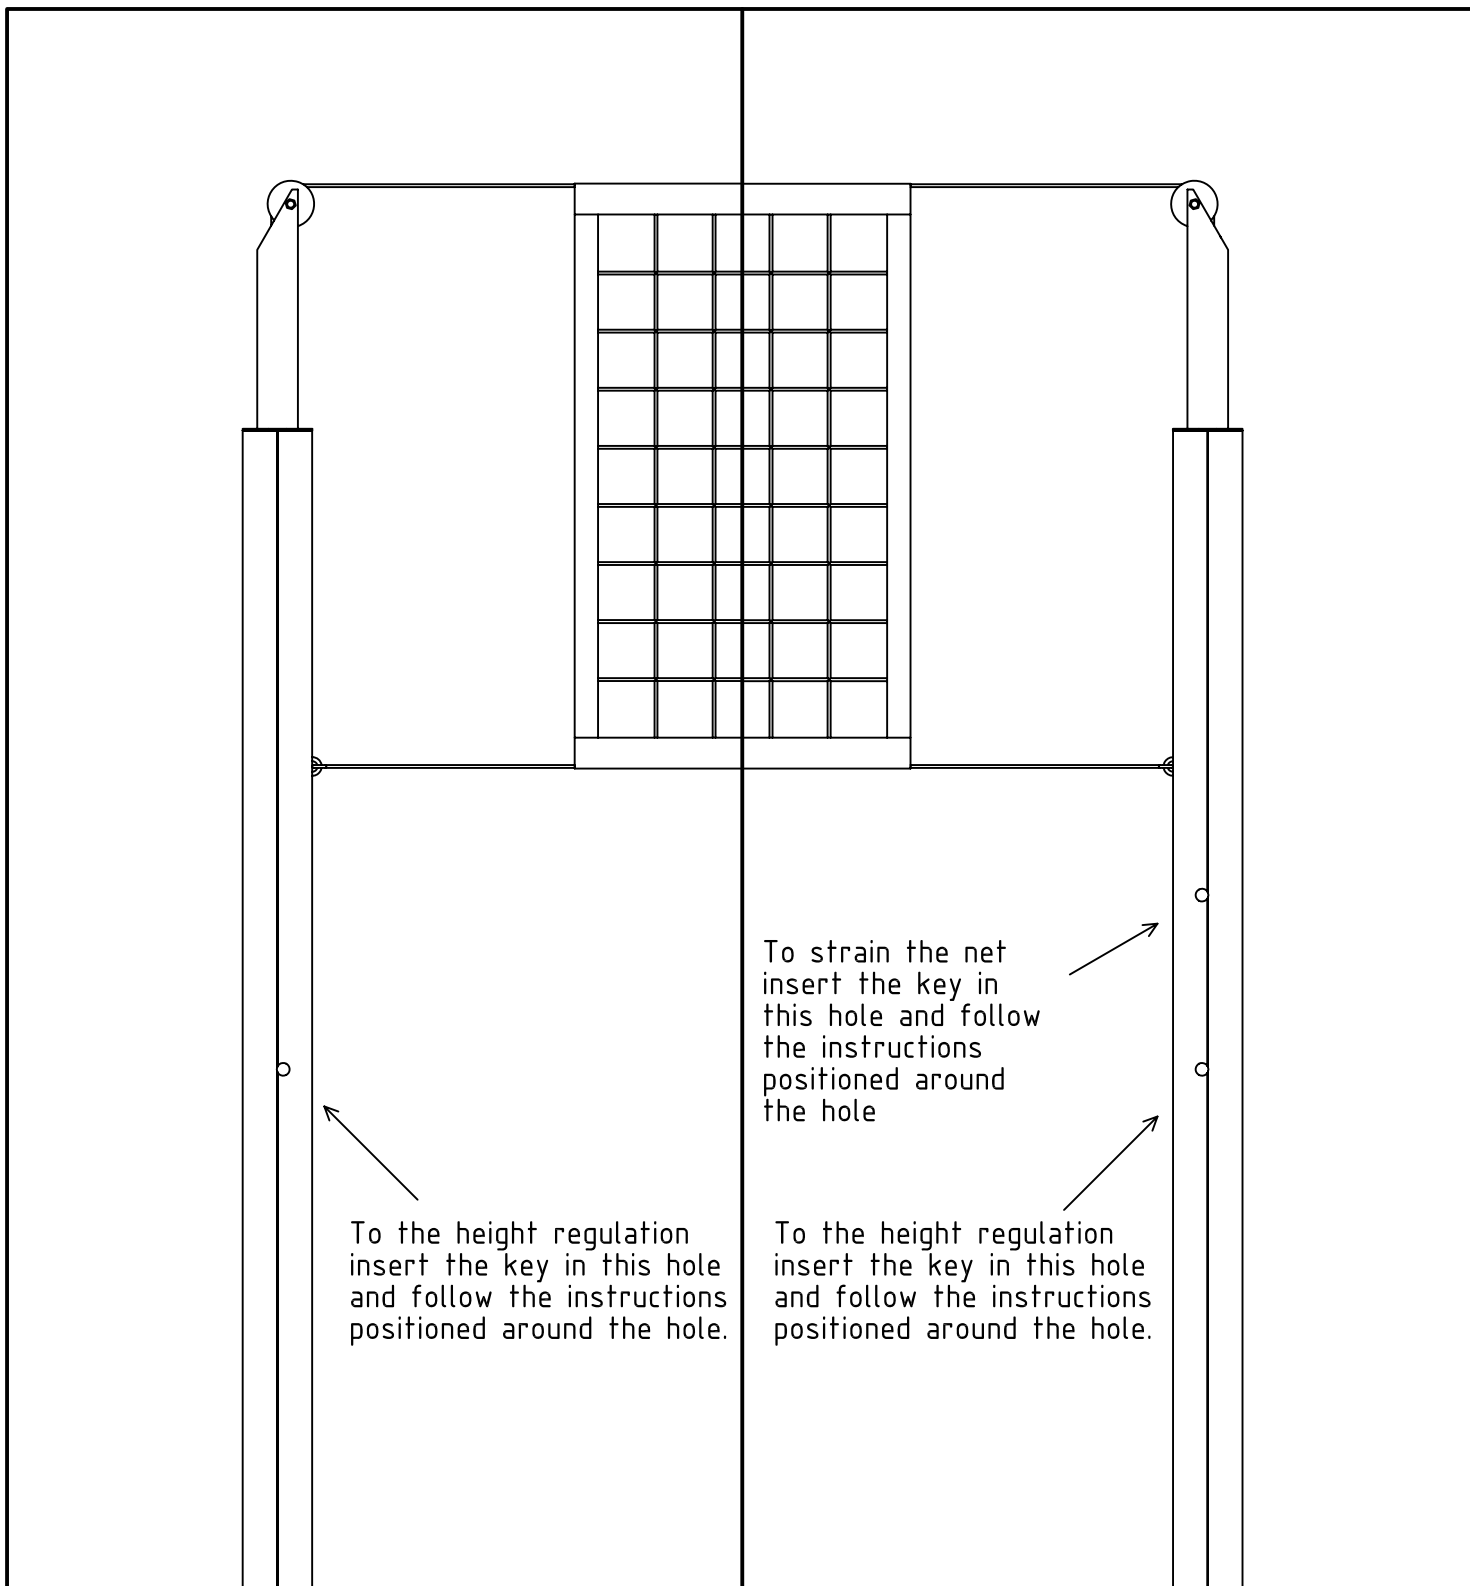

- To activate the internal mechanisms use only the crank supplied.
- Not use any types of resins to fix the sockets.

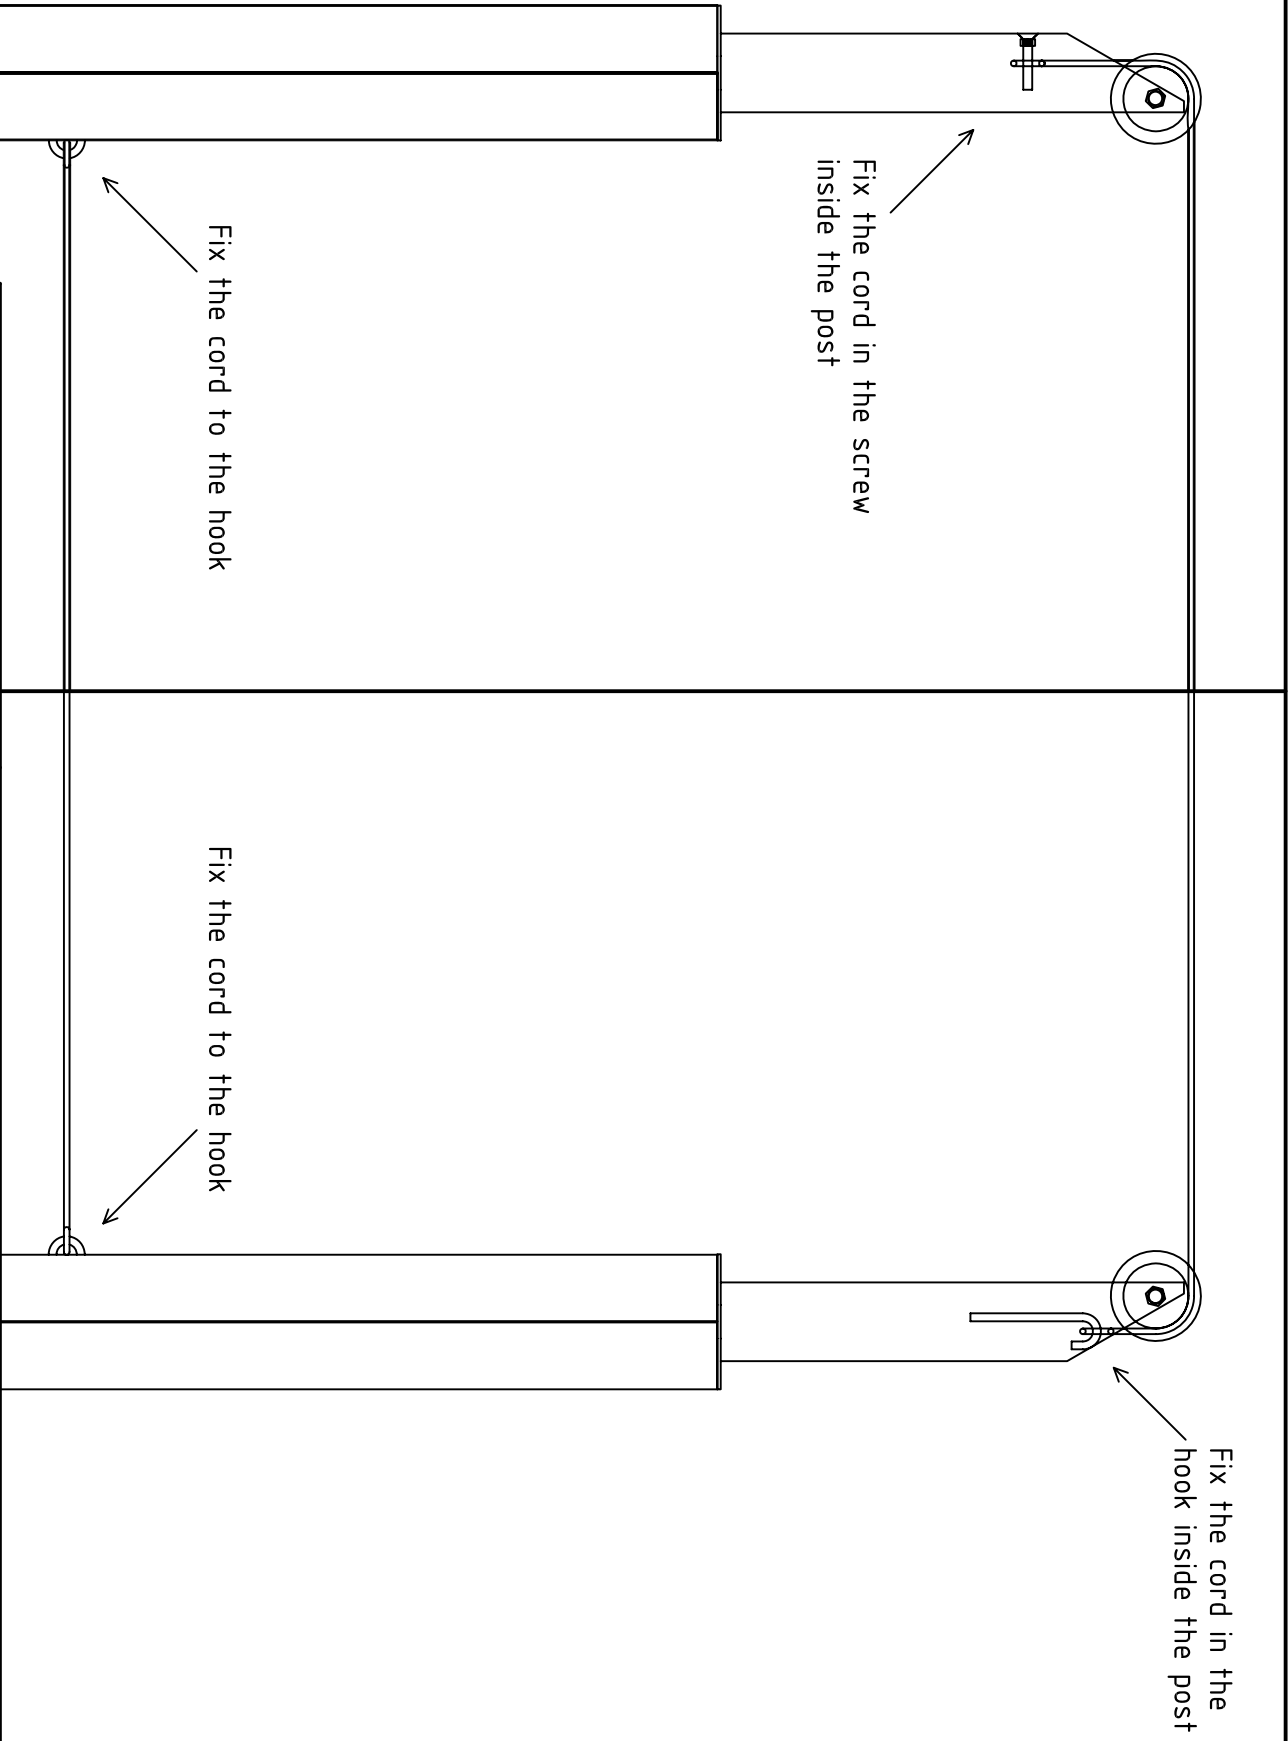

Cement's section

Put the socket inside a cube of cements 50x50x50 cm. The socket must be inclined of 3° to outside of the court.

Place the socket with the laned turned to the court.
